

## Weekly report

### 1 Done

#### 1.1 Graph Privacy:

I think we could summarize the graph features as VAUD so that we can generalize varied anonymizations.

#### 1.2 Location Privacy

Editing abstract, introduction and related work to adapt to our new idea.

#### 1.3 Project exercise:

- Learning about python.
- Some simple algorithm exercises

#### 1.4 Preparing group presentation:

《HindSight: Encouraging Exploration through Direct Encoding of Personal Interaction History》
